Why Use Novel?

Provides Traceability & Transparency through Blockchain Technology

- ✓ Creates a single source of truth for chain of custody tracking and tracing
- ✓ Prevents fraud through the use of tamper-resistant distributed ledger technology

Offers Real Time Visibility

- ✓ Improves monitoring ability to ensure staff compliance with quarantine requirements
- ✓ Improves response capability through timely alerts

Enhances Efficiency & Productivity

- ✓ Replaces manual processes through digitalization
- ✓ Reduces administrative tasks, leading to time and cost savings
- ✓ Provides record keeping and analytics capabilities

Ensures Data Privacy & Security

- ✓ Improves data security through user access control and data encryption
- ✓ Ensures data integrity and immutability through blockchain technology, preventing data reporting errors and inaccuracies

Supports Multiple Data Formats

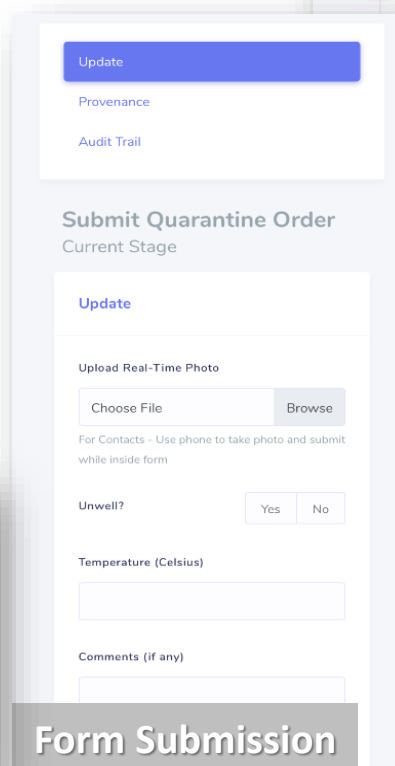

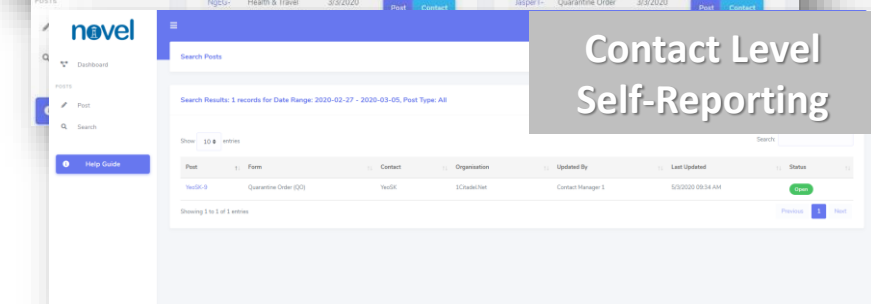

- ✓ Supports photo, video, and file uploads
- ✓ Additional support for GPS location data on Android phones
- ✓ Retains records on system for the full period of service subscription

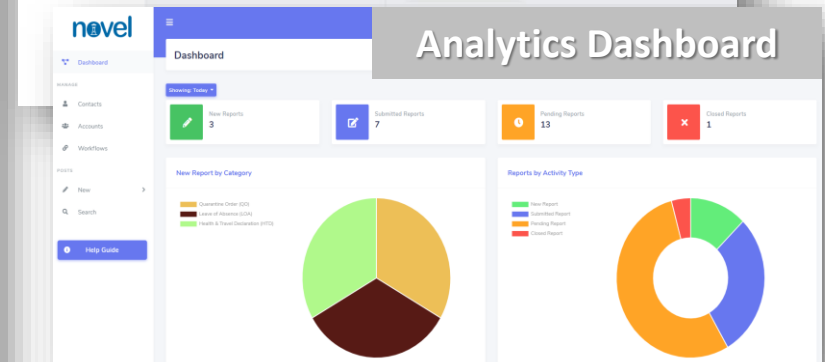

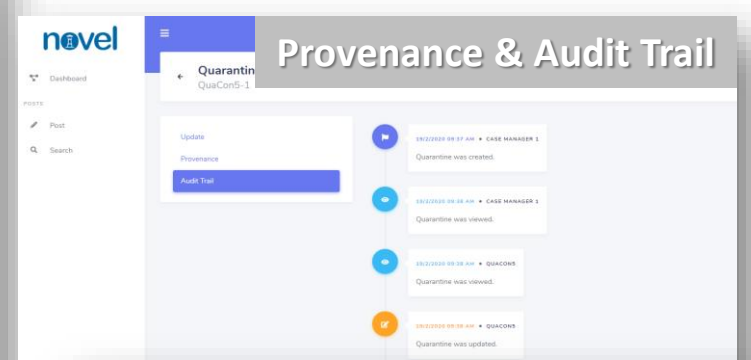

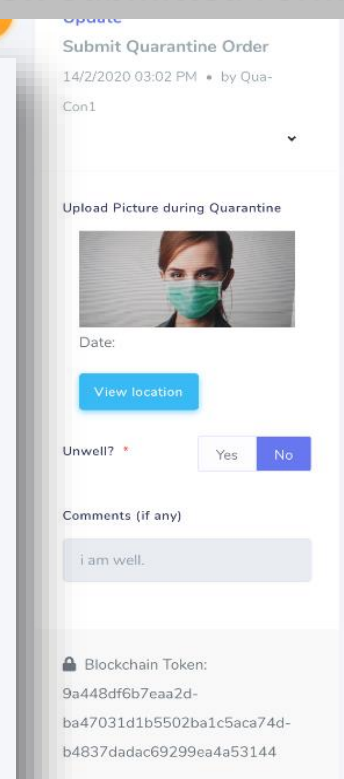

Ease of Use

- ✓ Easy access via desktops, laptops, and mobile devices
- ✓ Simple and intuitive interface
